LARGE MINING OPERATIONS 2013 PROGRESS REPORT

January 1, 2014 to December 31, 2014

The information required in this form are based on provisions of the Mined Land Reclamation Act, Title 40-8, and the rules as under the Utah Minerals Regulatory Program.

1. Mine Permit Number: *M/035/0009*
2. Mine Name: *Barneys Canyon*
3. Name of Operator/Permittee: *Kennecott Utah Copper LLC (KUC) Barneys Canyon*

Mine

Note: If Operator's address, company representative or phone number have changed, please provide a replacement page for the Notice of Intention.

4. Mine Location:
S1/2 SW1/4, Section 17;
N1/2 NW1/4, W1/2 NE1/4, SE1/4 NE1/4, E1/2 SE1/4 Section 20;
SW1/4 SW1/4, Section 21;
W1/4 NW1/4, Section 28;
NE1/4 NE1/4, Section 29;
Township 3 South, Range 3 West
5. Report the gross amount of ore mined and waste moved, and the disposition of the materials (onsite stockpiles, sold, waste pile, regraded, etc.):

Gross Ore Mined	0	Tons
Waste Material Moved	0	Tons
New Disturbance	3.5	Acres during 2014
Area Reclaimed	3.5	Acres during 2014
Total Disturbed Area	306	Acres*

*Total mine disturbance from the beginning of mining operations through the end of 2014.

Was the ore shipped off site? If not, where is the ore located?

No ore was generated in 2014.

Where is the waste located?

All waste (i.e. waste rock) is located on site.

6. Briefly describe the reclamation work performed during the past year. A map showing reclaimed areas and dates is suggested. (Submit form MR-SITE for an application for full or partial bond/site release).

Reclamation work at Barneys Canyon Mine is associated with the cleanup and reclamation of an offsite release of mine sediment that was discovered in 2014 (see attached Figure "Clay Hollow Post Removal/Post Reclamation"). It is believed that the release occurred during a large storm event in the fall of 2013. The released sediment was promptly addressed, cleaned up, and the area has been re-graded and reseeded. It should be noted that the disturbed and reclaimed acreage reported in this annual report only reflects the portion of the disturbance and reclamation that was carried out within Permit Boundary M/035/0009. The majority of the disturbance and reclamation shown on Figure "Clay Hollow Post Removal/Post Reclamation" is outside of Permit Boundary M/035/0009.

Outside of this effort, no reclamation work was performed during the past year. Primarily the disturbed acreage remaining at Barneys Canyon includes the five heap leach pads, leach solution ponds, ore processing building and sulfide ore stockpile.

7. **Include an updated map depicting surface disturbance and reclamation performed during the year, prepared in accordance with Rule R647-4-105.**

See attached Figure "Clay Hollow Post Removal/Post Reclamation".

I hereby certify, under penalties of law, the information provided in this report is true and correct to the best of my knowledge and belief.
